

MEGA MELT®  
**ProSlicer**®

Long-Lasting Severe Weather Ice Melter

**MegaMelt® ProSlicer®** is created through the application of a high performance liquid deicer added to a screened ice melt crystal. Through the use of prewetting technology, each crystal is encapsulated in liquid deicer to give it the one-two high performance punch of a fast melting liquid deicer and the staying power of granular ice melt. MegaMelt ProSlicer is known as the fastest to melt snow and ice and perform to its specifications.

**CENTRAL SALT**

**MEGA MELT**  
**ProSlicer**®

This vivid purple deicer is so visible and effective, less material and fewer applications are needed. Formulated for the professional snow pusher.

Long-Lasting Severe Weather Ice Melter

Effective to  
**-20**  
degrees

- Quickly melts ice and snow down to -20° F
- Pre-wet deicer means less material and fewer applications are needed
- Flows freely even in sub-freezing conditions
- Vivid purple color is easy to see and will not track or stain
- Maintains a residual melting effect after storm event
- Safer on skin, sidewalks, leather, metal, plants and pets\*

\* When used as directed

NET WT. 50 LB. (22.68 KG)

Features	Benefits
Melts fast	• Performs to specifications almost immediately
Lasts long	• Minimized environmental impact • Fewer applications needed • Economical due to fewer applications
Reduced bounce and scatter	• Precise application to target areas • Less waste
Anticorrosion technology	• Corrosion protection to spreading equipment
All natural	• When used properly, should not be harmful to vegetation

**MegaMelt ProSlicer 50 lb Bag**

Contents	Sodium Chloride, pre-wetting and coloring agents
UPC Item Code	 8 96801 00202 8
Package Size	50 lbs.
Item Dimensions L x H x W (in)	22.25 x 14.75 x 3
Pallet Count	49
Pallet Pattern	7 x 7
Pallet Weight	2,465 lbs
Pallet Cube (ft <sup>4</sup> )	34
Pallet Dimensions L x H x W (in)	48 x 45 x 34

**From Central Salt<sup>®</sup>—Where Service is Central**

**ProSlicer** is produced exclusively by Central Salt, a leader in liquid, dry and dry blend ice-melting technologies used throughout the winter maintenance industry. We are at your service 24/7, ready to provide the highest level of service at the most affordable cost.
